Notes to Users:

- If no nationality is given for an artist, he or she is American. Other nationalities are provided.
- The second set of dates following the artists' names refers to their years of AWS membership.
- Notes on addresses:
    - From 1874 to 1880, addresses were listed in catalogues for AWS members only
    - If an address does not included a city, it is located in Manhattan.
- Catalogue pages with illustrations are not numbered. Therefore the citations used here refer to the page following the illustration (for example, "before p. 12" = the page between numbered pages 11 and 12).
- Dimensions are given in inches. Height does not always precede width; that is, the dimensions are listed as they appear in the catalogues, but the first number does not always refer to the height of the watercolor.
